5 LIVE STATEMENT OF USE DEADLINES

Across The Coca-Cola Company's 1,239 marks, here is everything with an action deadline in the next 60 days, in date order:

DUE DATE	MARK	DEADLINE TYPE	STATUS
Sep 28, 2026	WANTA	Office Action Response	Satisfied
Oct 5, 2026	TASTE THE FEELING	§8 & 9 Renewal (9th–10th anniv.)	Satisfied
Oct 15, 2026	TOPO CHICO COLECCIÓN	Office Action Response	Satisfied
Oct 21, 2026	PEACE TEA	Statement of Use (0 of 5 extensions filed)	Pending
Oct 21, 2026	PEACE HARD TEA	Statement of Use (0 of 5 extensions)	Pending
Oct 21, 2026	PEACE HARD TEA	Statement of Use (0 of 5 extensions)	Pending
Oct 21, 2026	MR PIBB	Statement of Use (0 of 5 extensions)	Satisfied
Nov 4, 2026	COCA-COLA CREATIONS	Statement of Use (1 of 5 extensions)	Pending
Nov 4, 2026	PEACE TEA	Statement of Use (1 of 5 extensions)	Satisfied
Nov 20, 2026	FAN WATER	Statement of Use (2 of 5 extensions)	Pending

What actually still needs action — five live Statement of Use deadlines: the three PEACE TEA / PEACE HARD TEA applications on Oct 21 (none with an extension filed yet), COCA-COLA CREATIONS on Nov 4, and FAN WATER on Nov 20. The Oct 21 trio is the tight cluster — no extension filed on any of them, so a use decision or extension request is due in ~3 weeks. Both Office Action responses and the Oct 5 §8/§9 renewal for TASTE THE FEELING already show as satisfied.

WHY THIS NEEDS A DOCKET

A general model has never seen Coca-Cola's docket. Markus read the deadlines GleanMark works out from the USPTO record across the company's portfolio, and separated what's already satisfied from what still needs action.

Pending dates checked against the USPTO record: the notices of allowance for the three PEACE TEA / PEACE HARD TEA applications issued Apr 21, 2026, putting their Statements of Use due Oct 21; COCA-COLA CREATIONS and FAN WATER each carry an approved extension, with next deadlines Nov 4 and Nov 20. The 1,239 is the count of records filed under THE COCA-COLA COMPANY; 59 more use the spelling "The Coca-Cola Company" (one of them live), and none of those has a deadline in this window. The raw session goes on to discuss past maintenance deadlines; that part is left out here. Public USPTO data; the company appears only as an example.
